Mr Yurik is a CPA and recently retired tax partner at Deloitte LLP. While at Deloitte LLP, he led the Merger and Acquisition Group in British Columbia, and was responsible for tax planning with both public companies and high net worth individuals.

"We are very pleased to welcome Mr. Yurik to the Crown team." commented Mr. Dunn, President, CEO of Crown. "Norm’s extensive knowledge in tax, mergers and acquisitions and corporate governance will greatly assist Crown as we move the company forward. I would also like to sincerely thank Mr Hughes for his contribution and service as a Director. Personally, and on behalf of the Board of Directors, I wish him all the best in his future endeavours."

With the shareholders approving the special resolution to change the name of the Company to US Copper Corp, the Company will now seek the necessary regulatory approvals to complete this name and symbol change and expects the process to be completed in the next few weeks. Our shares will continue to trade under our existing ticker symbols on the TSX Venture Exchange until the US Copper Corp ticker symbol "USCU" becomes effective. The Company will continue to update its shareholders as the name and ticker symbol change progresses.

About Crown Mining Corp.

Crown controls approximately 15 square miles of patented and unpatented federal mining claims in the Light's Creek Copper District in Plumas County, NE California; essentially, the entire District. The District contains substantial copper (silver) sulfide and copper oxide resources in three deposits – Moonlight, Superior and Engels, as well as several partially tested and untested exploration targets.

The Superior and Engels Mines operated from about 1915-1930 producing over 161 million pounds of copper from over 4 million tons of rock containing 2.2% copper with silver and gold credits.

The Moonlight Deposit was discovered and drilled by Placer Amex during the 1960's. Details of the resources on Crown's property and the parameters used to calculate them can be found in the "Technical Report and Preliminary Economic Assessment for the Moonlight Deposit, Moonlight-Superior Copper Project, California, USA" dated April 12, 2018 on both the company's website at www.crownminingcorp.com or on www.sedar.com under the Crown Mining Corp profile.

Mr. George Cole is the Qualified Person pursuant to NI 43-101 responsible for the technical information contained in this news release, and he has reviewed and approved this news release.
